

Be patient therefore, brethren unto the coming of the Lord. Behold, the husbandman waiteth for the precious fruit of the earth, and hath long patience for it, until he receive the early and latter rain. Be ye also patient; stablish your hearts; for the coming of the Lord draweth nigh. (James 5:7-8)

The Invisible Christians Of North Korea: Surviving By God's Grace Alone.

Operation World says that although no one really knows their true number, there could be as many as 350,000 underground Christians living in the slave state of 24 million people. When you consider that the government there--whether run by the Japanese occupiers during World War II, or the current cult-like, totalitarian leadership--has been trying to stamp out all vestiges of Christianity for about 70 years, that's also amazing. Where did they all come from, and how do they survive? Well, in answer to the first part, it's a fascinating story. Did you know that from the late 19th century until 1942, Pyongyang, North Korea's Orwellian capital city today, was known as the "Jerusalem of the East"? Following a series of revivals in and around the "Jerusalem of the East," by 1910 the region was the most heavily Christian in all of Korea. (prophecynews

Money Matters

Will There Be A Major Stock Market Crash Before The End Of 2017?

The experts have been warning us that stocks cannot keep going up like this indefinitely. Brad McMillan, one of the brightest minds in the financial world, said stocks would need to fall "somewhere between 30 and 40 percent just to get to fair value". (prophecynews

Debt Nightmare: Will America Finally Wake Up?

When will America finally wake up? The borrower is the servant of the lender, and we now have a colossal 20 trillion chain around our collective ankles. Our addiction is so insatiable that we continue to add more than 100 million dollars to our debt load every single hour of every single day. (prophecynews

Disease and Pestilences

Plastic is Everywhere! Research on drinking water demonstrates that microplastic particles are found in tap water all over the world. "The US had the highest rate of 94% contamination. European nations had the lowest contamination rate, but this was still 72%" (*The Guardian*, September 5, 2017). Microplastics have been found in well water, bottled beers, honey and sugar. These microscopic fibers can act as a magnet for bacteria and are now

even found in the air we breathe. It seems like there is no escaping these ubiquitous microtoxins. (twnews&prophecy.com 9/29)

Mega Outbreak Of Anal Cancer Ravages LGBT- Doctors Announce: And We Don't Know How To Stop It. Almost 620,000 gay and bisexual men in the United States were living with HIV in 2014, and 100,000 of these men were not even aware of their infection.

These men are 100

times more likely to have anal cancer. (freedomoutpost.com 9/29)
